COMMANDER'S REPORT

Dear Daytona Squadron members,

I trust that your summer events have been delightful thus far.

The other day I received a call from a young lady who just moved into the area. She indicated that she was a member of another squadron and that she needed to find out more about joining our Squadron.

Why do I bring up this subject now? Sometimes we take for granted all of the hard work that is put into keeping the info about us current and up to date. Sometimes we take for granted that the work was done by someone. Before you know it we are going to need some new blood who will be working for our Squadron.

If this letter comes across your desk, will it end up in the circular file or will you be that special person who remembers to volunteer?

Check the Beachcomber and see all that is happening.

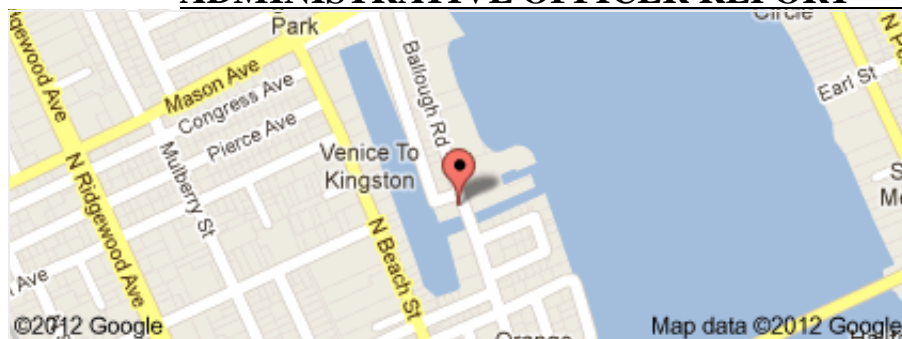

This Fall we will be hosting the District conference. Will you be a part of it?

CMDR. RONALD RADFORD, AP

Sea Scout Ship 811

Daytona Beach Sail & Power Squadron

Greetings

The next meetings will be: Quarterdeck Meeting on Monday July 9th at Adventure Boat Club and the General Meeting 23rd at the Halifax Harbor Boater's Lounge.

Our meetings have changed to the second and fourth MONDAY of the month for the summer. This is to cooperate with the schedules of some Scouts.

One member of our Ship is requested on the 11th of July at the Methodist Church in Orange City at 1900 hrs to go over a Damage Control Fire fighting class intro with Mr. Bailey. Commodores should be there and Skippers from the Ships active during the Summer.

ALL registered adults including Chartered Organization Representatives and Committee Members in Central Florida Council will have to be **fully trained** for their position in order for them to **recharter** for the 2013 program year!

Let the Games Begin! **Summer's Last Bash** is just around the corner... August 24 – 26, 2012 at Camp LaNoChe. Get ready for competitive games and lots of fun! Keep an eye out, the registration link will be available soon!

We have been asked to prepare a presentation on boating for the July Three Rivers District Round Table Meeting and we will need to pick a topic and start preparing for the presentation.

The Cats Point Regatta will be coming up in November and we will be training with our new Scouts to be ready.

If you can help or have suggestions on how to improve our program, please let me know.

We are looking for more Scouts. If you know someone age 14 to 21 who could benefit from our Scouting program, contact me at 386-299-4536.

Thanks again, God bless, and until next time, Happy sails to you!

Respectfully,
Skipper Jeff Wise

SQUADRON EDUCATION OFFICER’S REPORT

Modern engines offer high reliability and good performance through the use of computerized systems for fuel delivery and engine timing. Most of these systems are “black boxes” that can no longer be serviced by weekend mechanics with ordinary tools. The EM course covers those repairs that do-it-yourselfers can still perform, teaches how to diagnose problems that might be beyond your ability to fix, and how to share information with your mechanic so the right repairs get performed. The new Engine Maintenance course also covers basic mechanical systems such as drive systems (propellers), steering systems, and engine controls. The last chapter discusses solutions you might use to problems that could occur while afloat and away from a repair facility. Gasoline, diesel, and outboard engines are treated independently in this chapter.

The course is scheduled to start at the ARC center from 7 to 9 PM Tue July 31 for 10 weeks and end Oct. 2 The cost is \$40.
