## **Commander's Report – September 2014**

The summer series of casual and informal member meetings have come to an end. I had a great summer and I sincerely hope everyone else had a good summer as well. The casual meetings at three different restaurants around the area were outstanding, the food was good and the company was better. On the 18<sup>th</sup> we will return to our regular schedule of activities.

The building and rebuilding efforts of the Squadron along with the things we must do, make it an organization with quality programs and especially quality educational programs. Under the leadership of Education Officer Will Benny, we have made significant advances in the education program since our consolidation. We have had regular classes in basic boating as well as advanced grades classes and progress in the BOC program.

Along with education our community activities will continue as well as our own social activities. All of these together will help to attract new members into our ranks. Where there is room for improvement there is also the need for more leadership so that the improvements can be effectively guided. We have the members who are capable of making programs work as they are designed.

With that having been said, the Squadron Change Of Watch is just around the corner. The time is here to think about taking a leadership position to contribute your skill and knowledge to our effort. Your ideas and leadership are certainly needed and the new ideas by the new leadership will need someone to guide them to completion. We do have the quality members and I would ask that you motivate yourself and move into a leadership role so that we may continue to thrive. We have resources available from the National and District levels, you are what is needed to make use of those resources and other resources that may be available.

It doesn't take a lot of time to make a difference in the way things work, it just takes a little more effort by additional people to make us a better place for boaters to learn how to do it right. There is even a bonus for doing a little or a little bit more work for the Squadron, it's called a Merit Mark.

Cdr Bobby J. Bray, AP

### Marine Safety Article: (P/C Alfred J. Fabbrini, SN

**What Safety is all About:** In the constant effort to serve the USPS and to give our best, we often end up wearing more than one hat and become too busy and too involved in a number of activities. That leaves us with little time to look at the Organization from a bird’s eye view. We are not truly aware of the role of safety at all levels, and much less are we able to clearly see the interconnections in which all our activities ultimately converge into one final product – safety.

What our founders had in mind when they gave birth to our fraternity was to promote safe boating and this has always been the objective of the USPS. In spite of the compromises imposed on the Organization by changing times, safety was never intended to be left on a dusty shelf. However, these changing times have indirectly been contributing factors to put safety at the bottom of our priority list in a number of districts.

The “Fraternity” side of our triangle seems to receive much more attention than the other two sides - self-education and public service. Like a diamond, safety is a multifaceted program requiring the most diversified skills, and it must depend upon the contributions of all our members. As English and mathematics constitute the basics of all learning, safety constitutes the basic of all our activities, and the sooner we understand how safety is connected to what we are doing for the USPS, the sooner we will become aware that we all are members of the safety team; accordingly, we should recognize the importance of this mission and restore safety to the top of our priority list. Cdr Bray is asking for a plan and perhaps putting emphasis on safety may be the right way to go.

# Cruise to SILVER GLEN SPRINGS Picnic Party

**20 - Saturday, -** Weather Permitting cruise to Silver Glen Springs . Jeff Wise will head this one up. Putting in at SR. 44 in Deland at 0830, cruise to Astor arriving at 0930 and then on to the Glen, arriving around 1030. The Glen is accessible by land, 5271 SR. 19, Salt Springs, Fl. 32134 (352) 685- 2799, or water, there is a park entrance fee \$5.50 per person either way. Bring a favorite dish to share for lunch, the Squadron will provide the meat, and Executive Chef Martines will cook things up on the grill. We will have horse shoes and corn hole (bean bag toss) games and lots of fun. **Please RSVP asap to Jeanette Bray 386-253-2620, we need a head count for provision procurement.** Contact Jeff Wise (386) 299-4536 for cruise arrangements.

## Caught in the act.

Recently some members of our dinning club, Brian and Mary Crusan and Commander Bobby Bray, were found out in Brian's boat enjoying a beautiful day on the water. They put in at Halifax Harbor Marina and headed south to Disappearing Island. However, they reportedly stopped for lunch at Inlet Harbor with Jeff and Cathy Wise and Sharon Neitzey, who took this photo, so all is well.

## Never underestimate the value of a Power Squadron Education

The picture below was taken on the north side of Ponce Inlet where the shoaling has extended well beyond the warning signs. It appeared that the captain had cleared the no wake zone and throttled up and was making good time before he cut in too close to the shoaling and ran hard aground. The inlet is constantly changing, if you have not been in the area for a while, exercise due caution navigating.

## MERIT MARKS

**The following is an excerpt from the USPS Operations Manual.**

A “merit mark” (MM) is awarded by the chief commander to a member for substantial personal effort in furthering the interest, programs and objectives of USPS, its districts and squadrons. It is a coveted award; it is by and large the only official recognition members receive for their efforts. Only one merit mark may be awarded in a year to a member, no matter how extensive the contribution. A certificate is issued, and a special insigne may be worn on USPS uniforms.

Recommendations for a merit mark are made by squadron, district, rear and vice commanders to the chief commander. Active, family and apprentice members may be recommended. Merit marks earned by family and apprentice members shall not count toward senior, life or emeritus status.

Five merit marks are required for Senior Member, 25 for Life Members are dues exempt for life. In a few short weeks our Commander will be forwarding his merit mark recommendations to National for the year 2014. As with all commanders, he will have that nagging fear that he might overlook a member’s worthy contribution. Since none of us are blessed with the “all seeing eye”, we ask that any member who has contributed time and effort to our squadron, please call, P/C PaulMartines,JN Ch/Merit Mark Comm. I have forms you can fill out to give me the information needed, this can be mailed, e-mail - [paulmartinesd23@aol.com](mailto:paulmartinesd23@aol.com) - or you can get it in person at the dinner meeting. These need to be to me by, Nov. 10, 2014, so I can get them to National.

THANKS

P/C Paul Martines, JN

Merit Mark Chair

**MAKE SURE THE SQUADRON AND YOU GET CREDIT FOR YOUR EFFORTS!**

Please find the Merit Mark forms attached to the Beachcomber email, fill yours in and send it to P/C Paul Martines, JN, Merit Mark Chair. Let’s try to get this done early, our goal is to have everyone report by the end of October. It is not too soon to do it now. Thank You.

**TREASURER**

Membership renewals at this time of the year are always a concern for our squadrons. So, I will start this article by thanking those of you that have already paid your dues this year.

For those of you that still need to pay your dues, you can go to [www.usps.org/dues/](http://www.usps.org/dues/) and pay online by credit card. While you're online, take a look at "Membership Benefits". It can be found on the site index. I hadn't looked at it for a while and was amazed at all the new things that have been added.

Membership renewals are not just the job of the Bridge or Membership Committee, it is everyone's job.

These members are not just dues payers, they are people concerned about safe boating like us. These people are the reason we have educational classes and seminars. These are the people we go boating with, go to meetings with, go to parties with. These people are our **friends** and we should encourage them to stay active in USPS.

This year we should encourage members new and old to attend the Fall Conference hosted by Banana River at the Hilton. Not only are the conferences educational but we always have a lot of fun. New members will learn about District 23 and meet people from other Squadrons. Older members can renew friendships.

The more membership involvement we have, the less we have to work on membership retention.
